cable with USB-A and USB-C connectors 80 cm; ventilation bracket, user manual

- Magnetic holder
- Holder for ventilation grille

- USB-C to USB-A cable

WARNING

1. Make sure your phone supports MagSafe charging
2. Make sure you are using the correct QuickCharge 2.0 cable (or higher).
3. Make sure there is no magnetic element in the mobile phone case.
4. Do not disassemble or repair the equipment and avoid contact with water and fire.
5. Do not use the wireless charger in a very hot, humid or corrosive environment.
6. Do not place magnetic stripe cards (ID cards, bank cards, etc.).
7. Wireless charging has the Qi standard. Make sure the device you want to charge supports this standard.
8. Some protective covers prevent wireless charging, so if charging does not work, remove the covers.
9. If necessary, clean with a dry cloth and do not use abrasive cleaners.

USAGE

1. Attach the magnetic holder to the ventilation grille.
2. Connect the supplied power cable between the socket and the holder.
3. Bring your phone in close proximity to the holder and the phone will snap into place.
4. The phone is charged automatically when it is attached to the holder.
5. Charging of the mobile phone starts automatically when it is attached.

The product has been issued with a CE declaration of conformity in accordance with the applicable regulations.
